

# **Town of Spring Green Board Meeting**

**December 16, 2008**

Town Board members will host a public meeting for the following:

## **Town to host flood study meeting**

The Town of Spring Green will host a public information meeting to present the initial findings of its River Valley Flood Control Investigation. The meeting will be held on Tuesday, December 16, beginning at 7 p.m. at the Town of Spring Green Hall, E4411 Kennedy Road, Spring Green.

In late August, town residents voted to authorize the town board to proceed with a study to determine what can be done to prevent extensive damage from future flood events. The town board contracted with Jewell Associates Engineers and Montgomery Associates to investigate the causes of the 2008 flood and potential methods of avoiding a repeat of the damage and destruction to farms, homes and businesses that occurred this year.

The meeting will include a presentation of preliminary findings and outline alternatives that are currently being explored. The professionals conducting the study are also interested in gathering information about the 2008 flood from members of the public.

Decisions and/or actions may be taken.

Noticed December 12, 2008

Benny Stenner, Chairman

NOTE: It is possible that members of and possibly a quorum of members of other governmental bodies of a municipality or county may be in attendance at the above stated meeting to gather information; no action will be taken by any governmental body at the above meeting other than the governmental body specifically referred to above in this matter
